Education

2008-2014 **PhD in Cognitive Science**, *University of Potsdam*, Germany.
Title: *"Underspecification and Parallel Processing in Sentence Comprehension"*
Advisor: Prof. Shravan Vasishth

2003-2008 **Computational Linguistics, Diplom (MSc equivalent)**, *University of Potsdam*, Germany, Final Grade: 1.0.

Awards and Scholarships

2013 **Best Poster Award**, *AMLaP 2013*, Marseille, France.

2005-2008 **Scholarship of the *"Studienstiftung des deutschen Volkes"***.

2014 **CUNY Sentence Processing Conference Travel Grant**, Columbus, OH, USA.

2007 **CUNY Sentence Processing Conference Travel Grant**, La Jolla, CA, USA.

Employment

2013-present **Researcher**, *Department of German Studies*, University of Potsdam.
Computational linguist in a project on the creation of a treebank of Early New High German texts.

2008-2013 **Researcher**, *Department of Linguistics*, University of Potsdam.
Work on computational modeling and experimental work in Psycholinguistics, and teaching for BSc and MSc.

1996-2004 **Software Developer**.
Development of connectivity and synchronization software for embedded systems.

Skills

Statistics **Hierarchical and multilevel modeling, Nonlinear modeling**.

Experimental Methods **Eye-Tracking, Reaction-time paradigms, Response-signal paradigm (SAT), Questionnaire design**.

Programming Languages **R, C/C++, Python**.

Scientific Interests

- Formal models of human sentence comprehension
- Syntax and memory in sentence processing
- Mathematical modeling of psychological processes

Languages

English	**Fluent**
German	**Fluent (*Near-native*)**
Russian	**Fluent (*Native*)**

Teaching

Summer 2013	**Introduction to Sentence Processing**. (taught in English; co-taught with Samar Husain)
Winter 2012	**Eye tracking in Psycholinguistic Research**. (taught in English; co-taught with Hanna Thieke)
Summer 2012	**Empirical Methods in Linguistics**. (*taught in German; title: 'Empirische Methoden in der Linguistik'*)
	Introduction to Sentence Processing. (*taught in German; title: 'Einführung in die Sprachverarbeitung'*)
Winter 2011	**Memory in Sentence Comprehension**. (*taught in German; title: 'Gedächtnis in der Sprachverarbeitung'*)
	Dependency Resolution in Sentence Comprehension. (*taught in German; title: 'Dependenzauflösung im Satzverständnis'*)
Summer 2011	**Sentence Comprehension: Ambiguity and Complexity**. (*taught in German; title: 'Satzverarbeitung: Ambiguität und Komplexität'*)
	Empirical Methods in Linguistics. (*taught in German; title: 'Empirische Methoden in der Linguistik'*)
Winter 2010	**Semantic Priming**. (*taught in German; title: 'Priming'*)
Summer 2010	**Language, Memory and Attention**. (taught in English; co-taught with Shravan Vasishth)
	Empirical Methods in Linguistics. (*taught in German; title: 'Empirische Methoden in der Linguistik'*)
Winter 2009	**Introduction to Sentence Processing**. (*taught in German; title: 'Einführung in die Sprachverarbeitung'*)
Summer 2009	**Experimental Methods**. (*taught in German; title: 'Experimentelle Methoden im Vergleich'*)
	Introduction to Sentence Processing. (*taught in German; title: 'Einführung in die Sprachverarbeitung'*)

Publications

Peer-reviewed Publications

Logačev, P. and Vasishth, S. (accepted) A Multiple-Channel Model of Task-Dependent Ambiguity Resolution in Sentence Comprehension. *Cognitive Science*.

Book Chapters

Logačev, P. and Vasishth, S. (2012). Case Matching and Conflicting Bindings Interference. In de Swart, P. and Lamers, M., editors, *Case, Word Order and Prominence:*

Psycholinguistic and theoretical approaches to argument structure. Springer.

Submitted Manuscripts

Logačev, P. and Vasishth, S. What is underspecification? *Submitted to the Quarterly Journal of Experimental Psychology.*

Conference Presentations

Logačev, P. and Vasishth, S. (2014). Underspecification in relative clause attachment: A speed-accuracy tradeoff analysis. In *Proceedings of CUNY Conference on Sentence Processing*, Columbus, OH, USA.

Logačev, P., Goldschmidt, K., and Demske, U. (2014). POS-Tagging Historical Corpora: The Case of Early New High German. In Henrich, V., Hinrichs, E., de Kok, D., Osenova, P., and Przepiórkowski, A., editors, *Proceedings of the Thirteenth International Workshop on Treebanks and Linguistic Theories (TLT13)*, pages 103–112, Tübingen, Germany.
